

Call Erasmus+ mobility funding 2022/2023

So that money shouldn't be a restriction to your mobility

Dear PhDs,

The Paris observatory / University PSL is member of the Erasmus+ Charter for Higher Education (ECHE). This programme provides EU fundings for short stays abroad of France.

Eligible students:

For this call, all Observatory's PhD undergraduates registered at PSL, wishing to do a short stay (collaboration, or participation to a Winter/Summer school) abroad of France during the period Sept. 2022 to October 2023, can apply.

Procedure and grant:

EU grants for stays, and in some cases for travel are delivered by Paris Observatory in the limit of available Erasmus+ fundings. You can send your application (see below) anytime by e-mail to international.ufe@obspm.fr

A local jury will make a first selection during its September session.

The deadline to send the demand is on **Monday September 5, noon**.

The application :

Your demand must contain:

- country of stay
- presentation of your mission's aim (collaboration or topical school)
- budget of your mission
- visa of your PhD supervisor

by filling the formular provided [here](#)¹.

Costs:

The grant provides a contribution of at most 70€ to the stay cost for the 14 first days, and 50€ until the 30th day, and in some cases a contribution to travel costs (as function of the distance)

NB : In case of a topical school, this grant can be drawn concurrently with the 600€ from the ED127 doctorate school.
